

How to find the practice

We are located in the heart of Whitstable, just off the main shopping area. We have parking for patient's cars at the front of the practice; there is also street parking and a nearby car park. We also have three bicycle racks for those people who wish to cycle to the practice.

Directions

From Canterbury (via Blean): go over the new Thanet Way and straight over the Long Reach roundabout, sign posted 'Whitstable'. Descend Borstal Hill and carry on into the centre of town, travelling underneath the railway bridge. At the pedestrian crossing, (which is opposite the Library), turn left into Nelson Road. You will see the practice immediately on your left hand side.

Kelvin House Dental Practice, 2 Nelson Road, Whitstable, Kent CT5 1DP
